

BHARTIFLEX

Precision Engineering Since 1974

FLEXIBLE PIPING SOLUTIONS..

WHY INDUSTRY LEADERS CHOOSE BHARTIFLEX.

With over five decades of engineering expertise, we don't just manufacture components; we engineer reliability. Our hand-built approach ensures maximum operational safety and longevity.

Hand Built Precision

Every bellows is handcrafted layer by layer using rubber, fabric, and steel reinforcements. This meticulous process ensures superior quality, reliability, and long-term performance.

Extra Large Custom Sizes

We manufacture custom bellows for large pipelines, ducts, and industrial systems of any size. Built to your exact specifications, every unit is delivered to match your project requirements.

50 Years of Technical Expertise

With over 50 years of experience, we help clients choose the right bellows for every application. From design guidance to after-sales support, our expertise stays with you at every step.

The Bhartiflex Standard

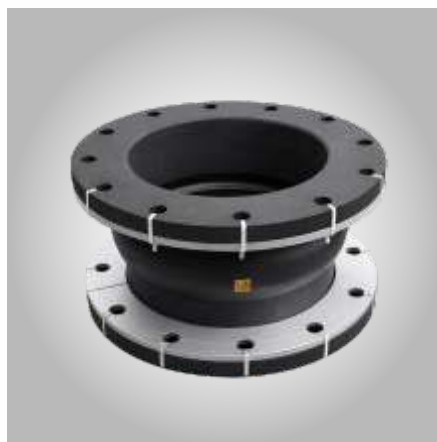

- On-time deliveries guaranteed
- Prompt after-sales support
- Technical consultation included
- Export-ready packaging for global shipments

INDUSTRIAL SOLUTIONS.

Explore our complete range of hand-built, extreme-condition expansion joints and custom mechanical bellows.

CU Type – Rubber Expansion Joint

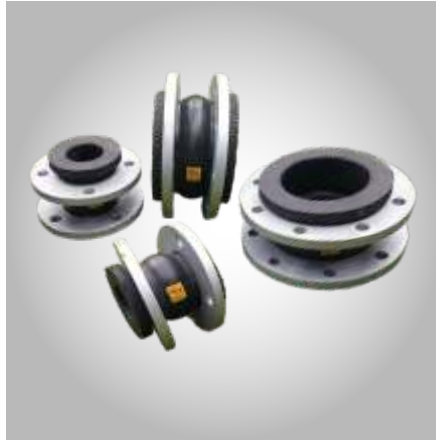

SRR Type – Rubber Expansion Joint

FFR Type – Rubber Expansion Bellow

Concentric & Eccentric SRR Type

RF Type – Rubber Expansion Joint

RFCU Type – Rubber Expansion Joint

Spool Type – Rubber Expansion Bellow

**Clamp Type Multi Arch –
Rubber Expansion Bellow**

**Clamp Type Single Arch –
Rubber Expansion Bellow**

**Bus Duct Rubber Bellow –
Rectangular**

Rubber Bus Duct Bellow – Round

SE Type – Rubber Expansion Joint
